#### Compose your own media plan and save up to 15%!

To ensure recurring communication throughout the year, compose your media plan by combining different communication formats. For example, participation in 2 round tables + a turnkey web-conference + 2 e-mailing campaigns + sponsorship of the Awards = 31,000. Any media plan over 30,000 euros will benefit from a degressive rate of 15% on the total.

#### \*Sponsor an existing or dedicated program

If you sponsor an existing monthly program ("Le JT de la SC", "Job Village", "Le Monde à Lambert", "Parcours", "Supply Chain Durable", "Start-me Up"...) your image will be associated with this theme all year long, thanks to a billboard (your image + your jingle) at the beginning and end of the program.

If you sponsor a program dedicated to you (Le baromètre de l'immobilier logistique, Les Mots de l'immo, Le Baromètre du recrutement...) you choose the theme, the format and you take part in the program yourself.
